CATALOGUE BY ED. FROSSARD 1531 AUCTION SALE.

108 East Fourteenth Street, New York.

BOSTON:
T. R. MARVIN & SON, NUMISMATIC PRINTERS.
1898.

PREFACE.

It was the aim of the owner of the Collection described in this Catalogue to collect every date, and every die-variety in each date, of the regular issues of silver Dollars, Halves, Quarters, Dimes, etc., of the Philadelphia, New Orleans, San Francisco, and Carson City Mints; also complete series of the gold Dollars.

Collectors acquainted with the difficulties encountered in such an undertaking will be surprised to note how near completion the Collection really is, only a comparatively small number of almost unattainable Coins, such as 1804 *Dollar,* 1827 *Quarter, etc., being missing, while in die-varieties and Branch Mint issues, this Collection is really more complete than almost any Collection of this class heretofore offered.*

While regretting that, for private reasons, the owner has decided not to allow the announcement of his name, it is nevertheless with sincere pleasure and confidence that I offer this Collection to Collectors and dealers in friendly competition by absolute and unreserved auction sale.

Unless otherwise stated, all the Coins, Medals, and Notes described in this Catalogue are guaranteed authentic and original. In the statements of condition, the Cataloguer has rigidly adhered to the high standard adopted by him, and has prepared his work with the most scrupulous care.

Orders for this Sale carefully executed by the Auctioneer, the undersigned, and Coin dealers generally.

Thick paper copies, neatly priced in red ink, after sale, 50 *cents.*
